This year’s program opened May 31 and runs through August 10. There is no paperwork to complete and no questions to answer. Our mission is to feed 500+ kids in need, Monday through Friday this summer season. Last year, we averaged 408 kids per day and served a total of 55,550 meals during the summer months.

The Church of the Messiah graciously underwrites the cost of the enrichment kits that are distributed each week. These kits bring educational activities with an emphasis on STEM, library materials, nutritional information and crafts to children. Church of the Messiah volunteers assemble the kits with the needed supplies to complete each activity for the children. Thank you Church of the Messiah for your continued support in addressing food insecurity in children in our community!
